Narsil Sword, the ancient sword of the King Elendil. It was the Narsil sword that severed the ring of power from the hand of Sauron. Engraved on the pommel are runes in the Elven language of Sindarin that say: Narsil is my name, a mighty sword; Telchar made me in Nogrod.

Narsil is perhaps the most famous sword in the "Lord of the Rings" trilogy. At the end of the second age of Middle-earth, Narsil's blade was shattered as Elendil fell during the Last Alliance of Elves and Men in the great battle of Sauron.

Isildur, Elendil's son, then used the broken hilt of Narsil to cut the One Ring from Sauron's finger, breaking the bonds of his power, banishing his evil shadow into the darkness.
