SCABBARD MATERIAL: Genuine leather wrap and straps, solid metal collar, fittings, buckles, and tip with an antique metal finish.

This authentically detailed scabbard is a reproduction of the prop prominently featured in "The Lord of the Rings" film trilogy, presented by New Line Cinema. United Cutlery Brands, industry leader in fine movie knife and sword reproductions, has meticulously recreated the actual prop scabbard, using the finest grade materials and craftsmanship of the highest quality available. Glamdring's scabbard is 39" overall and features genuine leather wrap and straps, solid metal collar, fittings, buckles, and tip with an antiqued metal finish.

Glamdring was an ancient sword carried by Gandalf the Grey, an old but powerful wizard and friend to Frodo Baggins. A magical sword, Glamdring served Gandalf in his mission to aid the Fellowship of the Ring. The Glamdring scabbard is wrapped with leather that has been dyed blue in the same Elven style as the handgrip of the Glamdring sword. Gandalf carried this scabbard until he died battling the Balrog atop Zirak-zigil. This scabbard is designed to fit Glamdring - The Sword of Gandalf (UC1265 sold separately).

Product parameters:
